Tea, Honey & Lemon =

*"Arnold Palmer"* Iced  
Tea

Need guidance?

The story goes that Mr.  
Palmer was at a golf  
course in sunny Palm  
Springs, California and  
ordered the combination  
of iced tea with lemonade.

A woman seated nearby  
overheard him and told  
the waitress that she  
would have the same,  
*"that Palmer drink"* she  
said. After this,  
supposedly the rest is  
history!

## TE A TALK

with Tea Sommelier, Kerri Blache

I love *Arnold Palmers* with lots of local honey  
added - sometimes with *Vianne's Vivation Tea* too!

Former Chef Michael's Lemon curd recipe is *tried  
& true* many times over - with *Vianne's Tea House*  
from 2003-2015 so we know it's one of the best!

Thank You for lovin' our teas as much as we do!  
Your encouragement helped us decide to keep the  
online store strong! We are so grateful and it's  
growing.

We've researched the real Christmas date! It  
could be August 21! Please take advantage of our
